There's no question that Citroën DS3 Racing is special. You can see it in the carbon fibre detailing, stunning good looks and 18" alloys. You can sense it from its aggressive stance and unerring presence. You can feel it too when the turbocharged 207hp engine hits 62mph in 6.5-seconds. It was designed by Citroën Racing, the team behind 6 Manufacturer and 7 Driver titles in the WRC. Citroën DS3 Racing didn't come from a single vision, it came from many.

NEW CITROËN DS4 DEFIES DEFINITIONS. IT ACTUALLY PROVES THAT THERE'S NO CONTRADICTION BETWEEN SPORTY AND PURPOSEFUL, ELEGANT AND CURVEACEOUS. THE ESTABLISHED DEFINITIONS SIMPLY DON'T COUNT.

Why conform? New Citroën DS4 certainly doesn't. Dynamically it has the balance and fine-tuned engineering to inspire keen drivers with its quick responses and nimble handling. There are two powerful diesel engines, the flexible HDi 160 and super-efficient HDi 110 which is also available with new micro-hybrid e-HDi technology. Or select the all-new petrol THP 200 for ultimate performance.

Three versions – DSign, DStyle and DSport – each come with a huge array of intelligent, entertaining and luxurious features – there is no 'standard' version. It's more a matter of emphasis, style and personality.
